

## **HOW TO GET TO RUHPOLDING**

### **AIR**

A number of scheduled airlines fly direct from UK to Munich (Franz Josef Strauss) Airport, as well as Easyjet and bmibaby. The only direct flights to Salzburg (W.A. Mozart) Airport from the UK are with Ryanair from Stansted, although a number of charter flights operate at weekends from various UK airports. Car rental is available at both airports. There is a frequent rail service from Munich Airport (see below).

### **ROAD**

Ruhpolding is situated on the B 305 approx 8 km from Ausfahrt (Exit) 112 on the Autobahn A 8 (München (Munich) – Salzburg). The exit is signed "Traunstein / Siegsdorf" - take the direction Siegsdorf.

Ruhpolding is 150 km from Munich Airport, 40 km from Salzburg Airport, and 25 km from Reit im Winkl. Car rental is available at both airports.

If you drive on the autobahn in Austria you need to buy a toll "vignette", which is available from garages and shops near the Border and at the Border. On the spot fine of € 75.00 is the penalty for not having one!

### **RAIL**

The S Bahn, (line 8) leaves Munich Airport every 20 minutes for München Ost. (NB this is also called Ostbahnhof!). Change here and take the hourly train to Traunstein, from where there is a connecting train to Ruhpolding. Total journey time approx 2 hr 30 min. (If you get the wrong S Bahn (line 1), it is not a disaster; simply alight at Munich Hauptbahnhof (Hbf) and get the next train to Traunstein!

From Salzburg Airport, take a bus or taxi to the main railway station (Hauptbahnhof), from where a train to Traunstein usually leaves every hour.

### **LINKS**

We regret that other than giving the general information and advice above, we simply do not have the staff to be able to arrange travel or accommodation. We are also unable to meet flights or trains, this year, unless this has been specially arranged in advance.
